PD&R

Trevino Critique and Response

- **Prior to 2002:**
 - Division directors submitted proposals for R&T funding – other resources not affected
 - A/S _____: old tired ideas without much staff input
- **Inter-office teams initiative**
 - Has been maintained since
 - Structure and process changes every year

Production Goals of Any Research Planning Process

Develop excellent proposals for:

- Contract procurements
- In-house research
- Grant competitions or cooperative agreements
- Improvements to data infrastructure
- Prize competitions

My Assessment of Product

- **Contracts:** _____
- **In-house research:** _____
- **Grants and cooperative agreements:**

- **Infrastructure:** _____
- **Prize competitions:** _____

My Assessment of Process Components

- **Public comment: team leaders liked it**
- **Program A/S: priorities impossible to obtain**
- **Demands on team leaders substantial**
- **Field economists excluded (not deliberately)**
- **Need more management involvement to get in-house research improvement**
- **Demands on DASs inescapable**
